

SCREENING MEMBERS

Christine Bruckner, Competition Advisor, AIA HK Chapter
 Paul Zimmerman, Convenor, Designing Hong Kong
 Alex White, Project Manager, Designing Hong Kong
 Chapman Lam, Transport Engineer, Associate Director, MVA HK Limited
 Hung Wing Tat, Transport Engineer & Associate Professor, HK Polytechnic University

QUALIFICATION

v = qualified
 v* = qualified with a condition that requires addressing (see conflicts)
 * = disqualified (for finalist, but not for honorable mention)

Submissions	Conflicts	Qualification
1	Reclamation required, P1 & P2 missing	*
4	Minor reclamation required, P1 missing	v
8	Minor reclamation required	v
11	-	v
14	Minor reclamation required, P1 missing	v
18	-	v
20	Minor reclamation required, P1 missing	v
30	Reclamation required, P1 missing, water edge re-engineering required	*
34	Minor reclamation required, water edge and PLA berth re-engineering required	v
39	Reclamation required, water edge re-engineering required	v*
42	Minor reclamation required	v
44	P1 missing	v
46	Tamar offices missing	*
47	P1 missing, minor reclamation required, incomplete	*
51	Minor reclamation required	v
53	Minor reclamation required	v
56	Major reclamation & development required, P1 & P2 missing	*
59	Minor reclamation required, P1 missing	v
61	Minor reclamation required, P1 missing	v
62	Water edge re-engineering required	v
66	May exceed height limits	v*
71	P1 missing	v
77	Minor reclamation required, details missing	v*
92	Minor reclamation required	v
94	reclamation required	v*
107	Minor reclamation required	v
111	Minor reclamation required	v
120	Minor reclamation required	v

Submissions	Conflicts	Qualification
123	Water edge re-engineering required, P2 missing	*
129	-	v
133	Water edge re-engineering required	*
134	Major reclamation required	*
137	P1 missing	v
138	Reclamation required	v*
139	Reclamation required, P1 missing	v*
140	Minor reclamation required, P1 missing	v
145	Minor reclamation required, details missing	v*
156	Minor reclamation required	v
164	Major re-engineering of water edge required	*
173	Minor reclamation required	v
183	Minor reclamation required, P1 missing	v
185	Water edge re-engineering	v*
186	Minor reclamation required	v
187	-	v
190	Water edge re-engineering and P2 re-alignment	v*
191	P1 missing	v
192	Minor reclamation required	v
193	Minor reclamation required	v
194	Reclamation required, P1 missing	v*
200	PLA barracks replaced	v
202	Significant reclamation required	*
203	Minor reclamation required	v
205	Minor water edge re-engineering required and P1 missing	v*
207	Minor water edge re-engineering required	v
215	Minor water edge re-engineering required	v
218	Major reclamation required, water edge re-engineering required	*
227	Minor reclamation required	v

Submissions	Conflicts	Qualification
229	Minor reclamation required	V
230	Minor reclamation required, details missing	V*
231	Minor reclamation required	V
238	Minor reclamation required	V
247	Minor reclamation, water front re-engineering, P2 alignment	V*
249	Minor reclamation required	V
250	Minor reclamation required, water edge re-engineering required	V*
252	Reclamation required, water edge re-engineering required	*
255	Water edge re-engineering required, incomplete	V*
262	Minor reclamation required and water edge re-engineering required	V*
263	Minor reclamation required	V
264	Minor reclamation required, P1 missing	V
271	Minor reclamation required	V
276	Reclamation required, water edge re-engineering, Tamar offices missing	*
288	Major reclamation required	*
293	Road positioning unclear	V*
296	Minor re-engineering required	V*
300	Minor reclamation required, p1 missing	V
301	Minor reclamation required, P1 missing, height in front of HSBC	V
302	Major reclamation required, removal of islands	V*
307	Water edge re-engineering required, Tamar offices missing	*
314	Major reclamation required, Tamar offices missing	*
318	P1 missing	V
319	Reclamation required, water edge re-engineering required	V*
320	Major reclamation required	*
321	P2 missing	*
